(2) give full and special consideration to older citizens with special needs in planning such programs, and, pending the availability of such programs for all older citizens, give priority to the elderly with the greatest economic and social need.

(3) provide comprehensive programs which will assure the coordinated delivery of a full range of essential services to our older citizens, and, where applicable, also furnish meaningful employment opportunities for many individuals, including older persons, young persons, and volunteers from the community, and

§ 3024. Allotment to States

(a) In general

(1) From the sums appropriated under subsections (a) through (d) of section 3023 of this title for each fiscal year, each State shall be allotted an amount which bears the same ratio to such sums as the population of older individuals in such State bears to the population of older individuals in all States.

(2) In determining the amounts allotted to States from the sums appropriated under section 3023 of this title for a fiscal year, the Assistant Secretary shall first determine the amount allotted to each State under paragraph (1) and then proportionately adjust such amounts, if necessary, to meet the requirements of paragraph (3).

(3)(A) No State shall be allotted less than $\frac{1}{2}$ of 1 percent of the sum appropriated for the fiscal year for which the determination is made.

(B) Guam and the United States Virgin Islands shall each be allotted not less than $\frac{1}{4}$ of 1 percent of the sum appropriated for the fiscal year for which the determination is made.

(C) American Samoa and the Commonwealth of the Northern Mariana Islands shall each be allotted not less than $\frac{1}{16}$ of 1 percent of the sum appropriated for the fiscal year for which the determination is made. For the purposes of the exception contained in subparagraph (A) only, the term “State” does not include Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(D)(i) No State shall be allotted less than the total amount allotted to the State for fiscal year 2006.

(ii) No State shall receive a percentage increase in an allotment, above the State’s fiscal year 2006 allotment, that is less than—

(I) for fiscal year 2007, 20 percent of the percentage increase above the fiscal year 2006 allotments for all of the States;

(II) for fiscal year 2008, 15 percent of the percentage increase above the fiscal year 2006 allotments for all of the States;

(III) for fiscal year 2009, 10 percent of the percentage increase above the fiscal year 2006 allotments for all of the States; and

(IV) For¹ fiscal year 2010, 5 percent of the percentage increase above the fiscal year 2006 allotments for all of the States.

(4) The number of individuals aged 60 or older in any State and in all States shall be determined by the Assistant Secretary on the basis of the most recent data available from the Bureau of the Census, and other reliable demographic data satisfactory to the Assistant Secretary.

(5) State allotments for a fiscal year under this section shall be proportionally reduced to the extent that appropriations may be insufficient to provide the full allotments of the prior year.

(b) Unused funds

Whenever the Assistant Secretary determines that any amount allotted to a State under part B or C of this subchapter, or subpart I of part E of this subchapter, for a fiscal year under this section will not be used by such State for carrying out the purpose for which the allotment was made, the Assistant Secretary shall make such allotment available for carrying out such purpose to one or more other States to the extent the Assistant Secretary determines that such other States will be able to use such additional amount for carrying out such purpose. Any amount made available to a State from an appropriation for a fiscal year in accordance with the preceding sentence shall, for purposes of this subchapter, be regarded as part of such State's allotment (as determined under subsection (a) of this section) for such year, but shall remain available until the end of the succeeding fiscal year.

(c) Withholding of funds; disbursement

If the Assistant Secretary finds that any State has failed to qualify under the State plan requirements of section 3027 of this title or the Assistant Secretary does not approve the funding formula required under section 3025(a)(2)(C) of this title, the Assistant Secretary shall withhold the allotment of funds to such State referred to in subsection (a) of this section. The Assistant Secretary shall disburse the funds so withheld directly to any public or private nonprofit institution or organization, agency, or political subdivision of such State submitting an approved plan under section 3027 of this title, which includes an agreement that any such payment shall be matched in the proportion determined under subsection (d)(1)(D) of this section for such State, by funds or in-kind resources from non-Federal sources.

(d) Costs of administration, ombudsman program, demonstration projects, supportive services, senior centers and nutrition services; payment and determination of non-Federal share

(1) From any State's allotment, after the application of section 3028(b) of this title, under this section for any fiscal year—

(A) such amount as the State agency determines, but not more than 10 percent thereof,

shall be available for paying such percentage as the agency determines, but not more than 75 percent, of the cost of administration of area plans;

(B) such amount (excluding any amount attributable to funds appropriated under section 3023(a)(3) of this title) as the State agency determines to be adequate for conducting an effective ombudsman program under section 3027(a)(9) of this title shall be available for conducting such program;

(C) not less than \$150,000 and not more than 4 percent of the amount allotted to the State for carrying out part B of this subchapter, shall be available for conducting outreach demonstration projects under section 3058e of this title; and

(D) the remainder of such allotment shall be available to such State only for paying such percentage as the State agency determines, but not more than 85 percent of the cost of supportive services, senior centers, and nutrition services under this subchapter provided in the State as part of a comprehensive and coordinated system in planning and service areas for which there is an area plan approved by the State agency.

§ 3025. Designation of State agencies

(a) Duties of designated agency

In order for a State to be eligible to participate in programs of grants to States from allotments under this subchapter—

(E) divide the State into distinct planning and service areas (or in the case of a State specified in subsection (b)(5)(A) of this section, designate the entire State as a single planning and service area), in accordance with guidelines issued by the Assistant Secretary, after considering the geographical distribution of older individuals in the State, the incidence of the need for supportive services, nutrition services, multipurpose senior centers, and legal assistance, the distribution of older individuals who have greatest economic need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) residing in such areas, the distribution of older individuals who have greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) residing in such areas, the distribution of older individuals who are Indians residing in such areas, the distribu-

tion of resources available to provide such services or centers, the boundaries of existing areas within the State which were drawn for the planning or administration of supportive services programs, the location of units of general purpose local government within the State, and any other relevant factors;

(B) provide assurances, satisfactory to the Assistant Secretary, that the State agency will take into account, in connection with matters of general policy arising in the development and administration of the State plan for any fiscal year, the views of recipients of supportive services or nutrition services, or individuals using multipurpose senior centers provided under such plan;

(C) in consultation with area agencies, in accordance with guidelines issued by the Assistant Secretary, and using the best available data, develop and publish for review and comment a formula for distribution within the State of funds received under this subchapter that takes into account—

(i) the geographical distribution of older individuals in the State; and

(ii) the distribution among planning and service areas of older individuals with greatest economic need and older individuals with greatest social need, with particular attention to low-income minority older individuals;

(D) submit its formula developed under subparagraph (C) to the Assistant Secretary for approval;

(E) provide assurances that preference will be given to providing services to older individuals with greatest economic need and older individuals with greatest social need (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas), and include proposed methods of carrying out the preference in the State plan;

(F) provide assurances that the State agency will require use of outreach efforts described in section 3027(a)(16) of this title; and

(3) the State agency shall, consistent with this section, promote the development and implementation of a State system of long-term care that is a comprehensive, coordinated system that enables older individuals to receive long-term care in home and community-based settings, in a manner responsive to the needs and preferences of the older individuals and their family caregivers, by—

(b) Planning and service areas

(1) In carrying out the requirement of subsection (a)(1) of this section, the State may designate as a planning and service area any unit of general purpose local government which has a population of 100,000 or more. In any case in which a unit of general purpose local government makes application to the State agency under the preceding sentence to be designated as a planning and service area, the State agency shall, upon request, provide an opportunity for a hearing to such unit of general purpose local government. A State may designate as a plan-

ning and service area under subsection (a)(1) of this section, any region within the State recognized for purposes of areawide planning which includes one or more such units of general purpose local government when the State determines that the designation of such a regional planning and service area is necessary for, and will enhance, the effective administration of the programs authorized by this subchapter. The State may include in any planning and service area designated under subsection (a)(1) of this section such additional areas adjacent to the unit of general purpose local government or regions so designated as the State determines to be necessary for, and will enhance the effective administration of the programs authorized by this subchapter.

(2) The State is encouraged in carrying out the requirement of subsection (a)(1) of this section to include the area covered by the appropriate economic development district involved in any planning and service area designated under subsection (a)(1) of this section, and to include all portions of an Indian reservation within a single planning and service area, if feasible.

(3) The chief executive officer of each State in which a planning and service area crosses State boundaries, or in which an interstate Indian reservation is located, may apply to the Assistant Secretary to request redesignation as an interstate planning and service area comprising the entire metropolitan area or Indian reservation. If the Assistant Secretary approves such an application, the Assistant Secretary shall adjust the State allotments of the areas within the planning and service area in which the interstate planning and service area is established to reflect the number of older individuals within the area who will be served by an interstate planning and service area not within the State.

(4) Whenever a unit of general purpose local government, a region, a metropolitan area or an Indian reservation is denied designation under the provisions of subsection (a)(1) of this section, such unit of general purpose local government, region, metropolitan area, or Indian reservation may appeal the decision of the State agency to the Assistant Secretary. The Assistant Secretary shall afford such unit, region, metropolitan area, or Indian reservation an opportunity for a hearing. (c) Notice and hearing prior to disapproval

(1) The Assistant Secretary shall not make a final determination disapproving any State plan, or any modification thereof, or make a final determination that a State is ineligible under section 3025 of this title, without first affording the State reasonable notice and opportunity for a hearing.

(d) Discontinuance of payments; disbursement of withheld funds to agencies with approved plans; matching funds

Whenever the Assistant Secretary, after reasonable notice and opportunity for a hearing to the State agency, finds that—

(2) the State plan has been so changed that it no longer complies substantially with the provisions of subsection (a) of this section, or

(3) in the administration of the plan there is a failure to comply substantially with any such provision of subsection (a) of this section,

the Assistant Secretary shall notify such State agency that no further payments from its allotments under section 3024 of this title and section 3028 of this title will be made to the State (or, in the Assistant Secretary's discretion, that further payments to the State will be limited to projects under or portions of the State plan not affected by such failure), until the Assistant Secretary is satisfied that there will no longer be any failure to comply. Until the Assistant Secretary is so satisfied, no further payments shall be made to such State from its allotments under section 3024 of this title and section 3028 of this title (or payments shall be limited to projects under or portions of the State plan not affected by such failure). The Assistant Secretary shall, in accordance with regulations the Assistant Secretary shall prescribe, disburse the funds so withheld directly to any public or non-profit private organization or agency or political subdivision of such State submitting an approved plan in accordance with the provisions of this section. Any such payment shall be matched in the proportions specified in section 3024 of this title.

A copy of the petition shall be forthwith transmitted by the clerk of the court to the Assistant Secretary, or any officer designated by the Assistant Secretary for such purpose. The Assistant Secretary thereupon shall file in the court the record of the proceedings on which the Assistant Secretary's action is based, as provided in section 2112 of title 28.

(2) Upon the filing of such petition, the court shall have jurisdiction to affirm the action of the Assistant Secretary or to set it aside, in whole or in part, temporarily or permanently, but until the filing of the record, the Assistant Secretary may modify or set aside the Assistant Secretary's order. The findings of the Assistant Secretary as to the facts, if supported by substantial evidence, shall be conclusive, but the court, for good cause shown, may remand the case to the Assistant Secretary to take further evidence, and the Assistant Secretary shall, within 30 days, file in the court the record of those further proceedings. Such new or modified findings of fact shall likewise be conclusive if supported by substantial evidence. The judgment of the court affirming or setting aside, in whole or in part, any action of the Assistant Secretary shall be final, subject to review by the Supreme Court of the United States upon certiorari or certification as provided in section 1254 of title 28.

(3) The commencement of proceedings under this subsection shall not, unless so specifically ordered by the court, operate as a stay of the Assistant Secretary's action.

§ 3028. Cost of administration of State plans**(a) Activities constituting administration; use of excess funds to supplement cost of administration of area plans; election to pay costs from sums received for administration of area plans**

(1) Amounts available to States under subsection (b)(1) of this section may be used to make grants to States for paying such percentages as each State agency determines, but not more than 75 percent, of the cost of the administration of its State plan, including the preparation of the State plan, the evaluation of activities carried out under such plan, the collection of data and the carrying out of analyses related to the need for supportive services, nutrition services, and multipurpose senior centers within the State, and dissemination of information so obtained, the provision of short-term training to personnel of public or nonprofit private agencies and organizations engaged in the operation of programs authorized by this chapter, and the carrying out of demonstration projects of statewide significance relating to the initiation, expansion, or improvement of services assisted under this subchapter.

(2) Any sums available to a State under subsection (b)(1) of this section for part of the cost of the administration of its State plan which the State determines is not needed for such purpose may be used by the State to supplement the amount available under section 3024(d)(1)(A) of this title to cover part of the cost of the administration of area plans.

(3) Any State which has been designated a single planning and service area under section 3025(a)(1)(E) of this title covering all, or substantially all, of the older individuals in such State, as determined by the Assistant Secretary, may elect to pay part of the costs of the administration of State and area plans either out of sums received under this section or out of sums made available for the administration of area plans under section 3024(d)(1)(A) of this title, but shall not pay such costs out of sums received or allotted under both such sections.

(b) Formula for computation of allotment; application for additional funds; approval of application by Assistant Secretary; limitation on amount of additional funds; transfer of funds

(1) If for any fiscal year the aggregate amount appropriated under section 3023 of this title does not exceed \$800,000,000, then—

(A) except as provided in clause (ii), the greater of 5 percent of the allotment to a State under section 3024(a)(1) of this title or \$300,000; and

(B) in the case of Guam, American Samoa, the United States Virgin Islands, the Trust Territory of the Pacific Islands, and the Commonwealth of the Northern Mariana Islands, the greater of 5 percent of such allotment or \$75,000;

shall be available to such State to carry out the purposes of this section.

(2) If for any fiscal year the aggregate amount appropriated under section 3023 of this title exceeds \$800,000,000, then—

(A) except as provided in clause (ii), the greater of 5 percent of the allotment to a State under section 3024(a)(1) of this title or \$500,000; and

Any such application shall be transmitted in such form, and according to such procedures, as the Assistant Secretary may require, except that such application may not be made as part of, or as an amendment to, the State plan.

(B) The Assistant Secretary may approve any application transmitted by a State under subparagraph (A) if the Assistant Secretary determines, based upon a particularized showing of need, that—

(i) the State will be unable to fully and effectively administer its State plan and to carry out programs and projects authorized by this subchapter unless such additional amounts are made available by the Assistant Secretary;

(ii) the State is making full and effective use of its allotment under paragraph (1) and of the personnel of the State agency and area agencies designated under section 3025(a)(2)(A) of this title in the administration of its State plan in accordance with subsection (a) of this section; and

(iii) the State agency and area agencies on aging of such State are carrying out, on a full-time basis, programs and activities which are in furtherance of the objectives of this chapter.

(D) Amounts which any State may receive in any fiscal year under this paragraph may not exceed three-fourths of 1 percent of the sum of the amounts allotted under section 3024(a) of this

title to such State to carry out the State plan for such fiscal year.

(E) No application by a State under subparagraph (A) shall be approved unless it contains assurances that no amounts received by the State under this paragraph will be used to hire any individual to fill a job opening created by the action of the State in laying off or terminating the employment of any regular employee not supported under this chapter in anticipation of filling the vacancy so created by hiring an employee to be supported through use of amounts received under this paragraph.

(4)(A) Notwithstanding any other provision of this subchapter and except as provided in subparagraph (B), with respect to funds received by a State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title, the State may elect to transfer not more than 40 percent of the funds so received between subpart I and subpart II of part C of this subchapter, for use as the State considers appropriate to meet the needs of the area served. The Assistant Secretary shall approve any such transfer unless the Assistant Secretary determines that such transfer is not consistent with the objectives of this chapter.

(B) If a State demonstrates, to the satisfaction of the Assistant Secretary, that funds received by the State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title, including funds transferred under subparagraph (A) without regard to this subparagraph, for any fiscal year are insufficient to satisfy the need for services under subpart I or subpart II of part C of this subchapter, then the Assistant Secretary may grant a waiver that permits the State to transfer under subparagraph (A) to satisfy such need an additional 10 percent of the funds so received by a State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title.

(C) A State's request for a waiver under subparagraph (B) shall—

- (ii) include a request that the waiver be granted;
- (iii) specify the amount of the funds received by a State and attributable to funds appropriated under paragraph (1) or (2) of section 3023(b) of this title, over the permissible 40 percent referred to in subparagraph (A), that the State requires to satisfy the need for services under subpart I or II of part C of this subchapter; and
- (iv) not include a request for a waiver with respect to an amount if the transfer of the amount would jeopardize the appropriate provision of services under subpart I or II of part C of this subchapter.

(5)(A) Notwithstanding any other provision of this subchapter, of the funds received by a State attributable to funds appropriated under subsection (a)(1), and paragraphs (1) and (2) of subsection (b), of section 3023 of this title, the State may elect to transfer not more than 30 percent for any fiscal year between programs under part B of this subchapter and part C of this subchapter, for use as the State considers appropriate. The State shall notify the Assistant Secretary of any such election.

(B) At a minimum, the notification described in subparagraph (A) shall include a description of the amount to be transferred, the purposes of the transfer, the need for the transfer, and the impact of the transfer on the provision of services from which the funding will be transferred.

(6) A State agency may not delegate to an area agency on aging or any other entity the authority to make a transfer under paragraph (4)(A) or (5)(A).

(7) The Assistant Secretary shall annually collect, and include in the report required by section 3018(a) of this title, data regarding the transfers described in paragraphs (4)(A) and (5)(A), including—

(A) the amount of funds involved in the transfers, analyzed by State;

(B) the rationales for the transfers;

(C) in the case of transfers described in paragraphs (4)(A) and (5)(A), the effect of the transfers of the provision of services, including the effect on the number of meals served, under—

- (i) subpart I of part C of this subchapter; and
- (ii) subpart II of part C of this subchapter; and

(D) in the case of transfers described in paragraph (5)(A)—

(i) in the case of transfers to part B of this subchapter, information on the supportive services, or services provided through senior centers, for which the transfers were used; and

(ii) the effect of the transfers on the provision of services provided under—

- (I) part B of this subchapter; and
- (II) part C of this subchapter, including the effect on the number of meals served.

(c) Availability of funds under this section to provide services under parts B and C

The amounts of any State's allotment under subsection (b) of this section for any fiscal year which the Assistant Secretary determines will not be required for that year for the purposes described in subsection (a)(1) of this section shall be available to provide services under part B of this subchapter or part C of this subchapter, or both, in the State.

(b) Allotment and provision and payment

(1) The Secretary shall allot and provide, in accordance with this section, to or on behalf of each State agency with a plan approved under this subchapter for a fiscal year, and to or on behalf of each grantee with an application approved under subchapter X of this chapter for such fiscal year, an amount bearing the same ratio to the total amount appropriated for such fiscal year under subsection (e) of this section as the number of meals served in the State under such plan approved for the preceding fiscal year (or the number of meals served by the title VI [subchapter X] grantee, under such application approved for such preceding fiscal year), bears to the total number of such meals served in all States and by all title VI [subchapter X] grantees under all such plans and applications approved for such preceding fiscal year.

§ 3030c-2. Consumer contributions

(a) Cost sharing

(1) In general

Except as provided in paragraphs (2) and (3), a State is permitted to implement cost sharing for all services funded by this chapter by recipients of the services.

(2) Exception

The State is not permitted to implement the cost sharing described in paragraph (1) for the following services:

(A) Information and assistance, outreach, benefits counseling, or case management services.

(B) Ombudsman, elder abuse prevention, legal assistance, or other consumer protection services.

(C) Congregate and home delivered meals.

(D) Any services delivered through tribal organizations.

(3) Prohibitions

A State or tribal organization shall not permit the cost sharing described in paragraph (1)

for any services delivered through tribal organizations. A State shall not permit cost sharing by a low-income older individual if the income of such individual is at or below the Federal poverty line. A State may exclude from cost sharing low-income individuals whose incomes are above the Federal poverty line. A State shall not consider any assets, savings, or other property owned by older individuals when defining low-income individuals who are exempt from cost sharing, when creating a sliding scale for the cost sharing, or when seeking contributions from any older individual.

(4) Payment rates

If a State permits the cost sharing described in paragraph (1), such State shall establish a sliding scale, based solely on individual income and the cost of delivering services.

(5) Requirements

If a State permits the cost sharing described in paragraph (1), such State shall require each area agency on aging in the State to ensure that each service provider involved, and the area agency on aging, will—

(A) protect the privacy and confidentiality of each older individual with respect to the declaration or nondeclaration of individual income and to any share of costs paid or unpaid by an individual;

(B) establish appropriate procedures to safeguard and account for cost share payments;

(C) use each collected cost share payment to expand the service for which such payment was given;

(D) not consider assets, savings, or other property owned by an older individual in determining whether cost sharing is permitted;

(E) not deny any service for which funds are received under this chapter for an older individual due to the income of such individual or such individual's failure to make a cost sharing payment;

(F) determine the eligibility of older individuals to cost share solely by a confidential declaration of income and with no requirement for verification; and

(G) widely distribute State created written materials in languages reflecting the reading abilities of older individuals that describe the criteria for cost sharing, the State's sliding scale, and the mandate described under subparagraph (E).

(6) Waiver

An area agency on aging may request a waiver to the State's cost sharing policies, and the State shall approve such a waiver if the area agency on aging can adequately demonstrate that—

(A) a significant proportion of persons receiving services under this chapter subject to cost sharing in the planning and service area have incomes below the threshold established in State policy; or

(B) cost sharing would be an unreasonable administrative or financial burden upon the area agency on aging.

(b) Voluntary contributions**(1) In general**

Voluntary contributions shall be allowed and may be solicited for all services for which funds are received under this chapter if the method of solicitation is noncoercive. Such contributions shall be encouraged for individuals whose self-declared income is at or above 185 percent of the poverty line, at contribution levels based on the actual cost of services.

(2) Local decision

The area agency on aging shall consult with the relevant service providers and older individuals in agency's planning and service area in a State to determine the best method for accepting voluntary contributions under this subsection.

(3) Prohibited acts

The area agency on aging and service providers shall not means test for any service for which contributions are accepted or deny services to any individual who does not contribute to the cost of the service.

(4) Required acts

The area agency on aging shall ensure that each service provider will—

(A) provide each recipient with an opportunity to voluntarily contribute to the cost of the service;

(B) clearly inform each recipient that there is no obligation to contribute and that the contribution is purely voluntary;

(C) protect the privacy and confidentiality of each recipient with respect to the recipient's contribution or lack of contribution;

(D) establish appropriate procedures to safeguard and account for all contributions; and

(E) use all collected contributions to expand the service for which the contributions were given and to supplement (not supplant) funds received under this chapter.

(c) Participation**(1) In general**

The State and area agencies on aging, in conducting public hearings on State and area plans, shall solicit the views of older individuals, providers, and other stakeholders on implementation of cost-sharing in the service area or the State.

(2) Plans

Prior to the implementation of cost sharing under subsection (a) of this section, each State and area agency on aging shall develop plans that are designed to ensure that the participation of low-income older individuals (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas) receiving services will not decrease with the implementation of the cost sharing under such subsection.

(d) Evaluation

Not later than 1 year after November 13, 2000, and annually thereafter, the Assistant Secretary

shall conduct a comprehensive evaluation of practices for cost sharing to determine its impact on participation rates (with particular attention to low-income older individuals, including low-income minority older individuals, older individuals with limited English proficiency, and older individuals residing in rural areas). If the Assistant Secretary finds that there is a disparate impact upon low-income or minority older individuals or older individuals residing in rural areas in any State or region within the State regarding the provision of services, the Assistant Secretary shall take corrective action to assure that such services are provided to all older individuals without regard to the cost sharing criteria.

(1) Governor

For a State to be eligible to receive an allotment under section 3056d of this title, the Governor of the State shall submit to the Secretary for consideration and approval, a single State plan (referred to in this subchapter as the “State plan”) that outlines a 4-year strategy for the statewide provision of community service employment and other authorized activities for eligible individuals under this subchapter. The plan shall contain such provisions as the Secretary may require, consistent with this subchapter, including a description of the process used to ensure the participation of individuals described in paragraph (2). Not less often than every 2 years, the Governor shall review the State plan and submit an update to the State plan to the Secretary for consideration and approval.

(2) Recommendations

In developing the State plan prior to its submission to the Secretary, the Governor shall seek the advice and recommendations of—

(A) individuals representing the State agency and the area agencies on aging in the State, and the State and local workforce investment boards established under title I of the Workforce Investment Act of 1998 (29 U.S.C. 2801 et seq.);

(B) individuals representing public and nonprofit private agencies and organizations providing employment services, including each grantee operating a project under this subchapter in the State; and

(B) the relative distribution of eligible individuals residing in rural and urban areas in the State; and

(C) the relative distribution of—

(i) eligible individuals who are individuals with greatest economic need;

(ii) eligible individuals who are minority individuals;

(iii) eligible individuals who are limited English proficient; and

(5) Governor's recommendations

Before a proposal for a grant under this subchapter for any fiscal year is submitted to the Secretary, the Governor of the State in which projects are proposed to be conducted under such grant shall be afforded a reasonable opportunity to submit to the Secretary—

(A) recommendations regarding the anticipated effect of each such proposal upon the overall distribution of enrollment positions under this subchapter in the State (includ-

ing such distribution among urban and rural areas), taking into account the total number of positions to be provided by all grantees in the State;

(B) any recommendations for redistribution of positions to underserved areas as vacancies occur in previously encumbered positions in other areas; and

(C) in the case of any increase in funding that may be available for use in the State under this subchapter for the fiscal year, any recommendations for distribution of newly available positions in excess of those available during the preceding year to underserved areas.

(B) Review

The Secretary may review, on the Secretary's own initiative or at the request of any public or private agency or organization or of any agency of the State, the distribution of projects and services under this subchapter in the State, including the distribution between urban and rural areas in the State. For each proposed reallocation of projects or services in a State, the Secretary shall give notice and opportunity for public comment.

(8) Exemption

The grantees that serve eligible individuals who are older Indians or Pacific Island and Asian Americans with funds reserved under section 3056d(a)(3) of this title may not be required to participate in the State planning processes described in this section but shall collaborate with the Secretary to develop a plan for projects and services to eligible individuals who are Indians or Pacific Island and Asian Americans, respectively.

(b) State allotments

The allotment for each State shall be the sum of the amounts allotted for national grants in such State under subsection (d) and for the grant to such State under subsection (e).

(c) Division between national grants and grants to States

The funds appropriated to carry out this subchapter for any fiscal year that remain after amounts are reserved under paragraphs (1), (2), and (3) of subsection (a) shall be divided by the Secretary between national grants and grants to States as follows:

(1) Reservation of funds for fiscal year 2000 level of activities

(A) In general

The Secretary shall reserve the amount of funds necessary to maintain the fiscal year 2000 level of activities supported by grantees that operate under this subchapter under national grants from the Secretary, and the fiscal year 2000 level of activities supported by State grantees under this subchapter, in proportion to their respective fiscal year 2000 levels of activities.

If in any fiscal year the funds appropriated to carry out this subchapter are insufficient to satisfy the requirement specified in subparagraph (A), then the amount described in subparagraph (A) shall be reduced proportionally.

No State shall be provided an amount under this subsection that is less than $\frac{1}{2}$ of 1 percent of the amount provided under subsection (c) for public and nonprofit private agency and organization grantees that operate under this subchapter under national grants from the Secretary in all of the States.

(2) Hold harmless

If such amount provided under subsection (c) is—

(A) equal to or less than the amount necessary to maintain the fiscal year 2000 level of activities, allotments for grantees that operate under this subchapter under national grants from the Secretary in each State shall be proportional to the amount necessary to maintain their fiscal year 2000 level of activities; or
